Python | SQL, MySQL | HTML | CSS | JavaScript

PROJECTS:

Project: 1

Title: Simple Calculator

A simple calculator performs basic mathematical operations such as addition, subtraction, multiplication, and division

- Its role is to provide quick and accurate results for simple calculations.
- It may also handle percentage calculations and memory functions.
- Its primary responsibility is to enhance efficiency and reduce human calculation errors in everyday tasks.

Project:2

Title: Portfolio

Description: To design and develop a professional portfolio website showcasing skills, projects, and achievements to potential employers and clients. The technologies and tools are used: HTML, CSS and VS Code.

- Designed and developed the portfolio website using HTML for structure and CSS for styling.
- Created responsive web pages to ensure proper display on different devices.
- Organized sections like About, Projects, Skills, and Contact for easy navigation.
- Applied consistent colour schemes, fonts, and layouts to enhance visual appeal.
- Tested and updated the website for better performance and presentation.

Project:3

Title: Mini Project (Tic-Toc-Toe Game)

Description: The Tic Tac Toe Game is a simple and interactive two-player web-based application developed using HTML, CSS, and JavaScript. It allows two players to enter their names and play alternately on a 3×3 grid. The main objective of the game is for a player to place three identical symbols (X or O) in a row, column, or diagonal to win.

- Designed and developed the user interface using HTML and CSS for an attractive and responsive layout.
- Implemented game logic and interactivity using JavaScript to handle player turns and game outcomes.
- Added custom player name input and dynamic status updates for a personalized experience.
- Tested the application to ensure bug-free gameplay and proper win/draw detection.
- Managed code organization and documentation for easy understanding and maintenance.
- Enhanced user experience by including animations, restart functionality, and intuitive design.

INTERNSHIP EXPERIENCE:

Data Quality Analyst Intern | [Roman Technologies]

- Validated and cleaned large-scale datasets using Excel, ensuring 99% data accuracy for reporting.
 - Identified inconsistencies in data entry and implemented standardized formats for better data quality.
-

CERTIFICATIONS:

Rooman Technologies – Certificate of Achievement of AI-DATA QUALITY
ANALYST[INTERN]

LANGUAGES:

English– Proficient | Telugu– Native

INTERESTS:

Coding | Problem Solving| Technology |Music| Watching Movies
